

# HEGEMONY ROME

## THE RISE of CAESAR

**HEGEMONY ROME: THE RISE OF CAESAR** – The all-new sequel to the award-winning historical wargame *Hegemony Gold: Wars of Ancient Greece* by Longbow Games!

**DIRECT FROM THE HAND OF CAESAR** – Four new campaigns follow the conquests of Julius Caesar as he wrote them in *Commentarii de Bello Gallico*. Bridge the Rhine, invade Britannia and conquer the Gauls in over 100 new objectives or choose from over 20 factions in the epic sandbox mode.

**ALL NEW MAP** – Explore over one million square kilometres, from the Mediterranean coast to the shores of Britannia. Improved graphics engine supports 10x the terrain detail and utilizes SpeedTree technology to create a diverse and immersive landscape to explore.

**BUILD AN EMPIRE** – New construction system and a new wood resource allows players to build forts, walls, and bridges at thousands of sites across the map to cement Roman control over the barbarian kingdoms.

**PROMOTE YOUR LEGIONS** – With expanded upgrade options, players can now train officers to augment their unit's skills as well as appoint governors and construct buildings to expand and improve their cities.

**STARVE YOUR ENEMIES** – New supply camps and expanded logistics system makes sieges and supply lines more intuitive and more important than ever.
